In 2005, he was involved in the Parelli Work Study program on the Parelli Ranch in Pagosa Springs, CO and in 2006 took the Parelli 6 week course at their International Study Center. During the past 3 years, Chris has mentored under some great Natural Horseman where he developed colts, wild horses and restarted difficult horses as well as assisted in teaching their human partners. Chris's future goals include completing an Externship at the Parelli University, entering their Mastery Program and becoming a Certified Parelli Professional.

Kim Kindred is a Level 3 student who has been passionate about Parelli and studying it for the past 10 years. With the help of her supportive family, she has established a Parelli Center where you can come learn and play in a relaxed and supportive atmosphere. Kim has been teaching students, young and old, since 2001 at her facility. In 2008, she and her husband took the Parelli 4 week course at their International Study Center and then Kim took an additional 4 week course in 2009. The Kindred's are constantly searching to learn the natural way as known to the horse, by taking various clinics whether it be about natural hoof care or horsemanship. Kim's future goals include completing an Externship at the Parelli University and becoming a Certified Parelli Professional with hopes of a corporate future within the company as well as instruction to like-minded individuals.

Both Chris and Kim are interested in putting the relationship with the horse first and promoting worldwide, the Parelli message, which is to improve the quality of horsemanship and thus, the standard of living for the horse. It's the ultimate way to train your horse!
